1. Have you or anyone close to you ever suffered from depression, anxiety, emotional distress, or mental illness of any kind?
2. Have you or anyone close to you ever received medical attention or counseling for depression, anxiety, emotional distress, or mental illness of any kind? If so, was the medical attention or counseling helpful?
3. Have you, anyone in your family, or anyone close to you used medication to treat emotional or psychological problems? If so, was the medication helpful?
4. Do you think that mental illness can be controlled or overcome with proper medication and medical attention?
5. Have you or anyone close to you ever taken any courses or training in or worked in the field of mental health or with people who have mental health issues?

6. Do you know anyone who may have had or has been diagnosed as having bi-polar disorder?
